UV-95 Rework Primer

【Instruction】

UV-95 Rework Primer is made to rework on UV curing coatings. It can restart UV Coating process on defections of UV Curing products.

【Application】

UV-95 Rework Primer can spray on UV curing coatings directly. Spraying UV-95 Rework Primer on defections then waiting until UV-95 dries, restart UV Coating process.

【Notices】

1. Please keep good air circulation in working place to avoid harming health due to long-term breathing in solvent. If chemicals splash into eye or on skin accidentally, immediately flush contacting area by huge amount of water then send to medical treatment.
2. UV-95 Rework Primer must be stored in cool and dry indoor room under 40°C. The expired time is one year in unopened situation.
3. Please keep cap closing after opening and finish within one week to avoid affecting quality because of solvent evaporation.
