ST-6219 Solvent

【Instruction】

ST-6219 Solvent is made to dilute with base coats such as UB-563, UB-566 etc. for Vacuum Metallization or clean materials.

【Application】

We suggest dilution ratio of Base Coat and ST-6219 is 1 : 1-2 for dipping. Or add with ST-6219 Solvent to prevent base coat dropping. Use ST-6219 Solvent to clean materials by dipping directly.

【Notices】

1. Please keep good air circulation in working place to avoid harming health due to long-term breathing in solvent. If chemicals splash into eye or on skin accidentally, immediately flush contacting area by huge amount of water then send to medical treatment.
2. ST-6219 Solvent must be stored in cool and dry indoor room under 40°C. The expired time is one year in unopened situation.
3. Please keep cap closing after opening and finish within one week to avoid affecting quality because of solvent evaporation.
