## **ST-6029 Solvent**

### **【Instruction】**

ST-6029 Solvent is made to dilute with base coats such as UB-563, UB-566 etc. for Vacuum Metallization.

### **【Application】**

Based on the weather condition, add ST-6029 Solvent to adjust T-407 Thinner to improve leveling and workability in humid environment. Or add with ST-6219 Solvent to avoid foggy.

### **【Notices】**

1. Please keep good air circulation in working place to avoid harming health due to long-term breathing in solvent. If chemicals splash into eye or on skin accidentally, immediately flush contacting area by huge amount of water then send to medical treatment.
2. ST-6029 Solvent must be stored in cool and dry indoor room under 40°C. The expired time is one year in unopened situation.
3. Please keep cap closing after opening and finish within one week to avoid affecting quality because of solvent evaporation.
